

# A SUSTAINABLE WAY TO RAISE FUNDS!

Our goal is simple - to contribute to a better world by helping schools, groups and clubs raise funds through healthy and family-friendly fundraising in a socially responsible and sustainable way. Fundraysia has been providing innovative and successful fundraising products and services across Australia since 1989.

This year we are proud to offer a great range of popular **Good to Grow** fundraising products - including seeds, gardening gifts, propagation kits and products for children - as well as a **Bonus Offer** for all Good to Grow fundraising purchases over \$500 made before June 30, 2024!

Plus we have also increased our range of Good to Grow Carrypack fundraising options for selling to family and friends at home and at work - see our website for details!

Our **Eco Basics** fundraising range also has very strong environmental credentials and is shown to be a proven and profitable year round performer!

## Free customised fundraising webshop for every fundraiser!

Due to the ongoing success of our online customised fundraising webshops - plus the desire to reduce paper consumption - we are now fundraising 100% online. The fundraising webshops are usually set up within 24 hours and are very efficient - saving cash handling and the manual updating of tally sheets!

# Good to Grow Fundraiser

**\*30% PROFIT!**

Sustainable fundraising that all the family can experience and enjoy! Caring for the environment and your own health doesn't get any better than this – with delicious and fresh produce that can be grown from D.T.Brown seed in your own garden and harvested locally everyday!

Plus we have increased our fundraising range to include organic seeds, popular gift packs, propagation kits and exciting children's products to introduce the whole family to gardening.

And now we also offer 3 popular varieties of Carrypack to take home and sell to family and friends!

# Eco Basics Fundraiser **\*30% PROFIT!**

Fundraise with these popular environmentally friendly products from Eco Basics – with a focus on zero waste, sustainability and reducing chemical usage. Each product has very strong benefits for our environment, which are explained in detail and with educational videos in our fundraising webshop product pages. Many of the Eco Basics products also make great year round gifts!

The best selling Eco Cloth range do not require any chemicals in their use and are available for general purpose, oven, stainless, glass and kitchen cleaning. Plus they can be washed and re-used up to 500 times or more!
